HOMEWORK GUIDELINES:

The precise amount of time spent on homework is much less important than the quality of tasks set and the way they are planned to support learning. However, the following is given as a guide when completing homework tasks.

Reception	10 mins per day Sharing and reading books with an adult
Years 1 & 2	10 mins per day Literacy work to include reading & spelling Numeracy to include number based activities
Years 3 & 4	10 – 15 mins per day Literacy & numeracy with assignments in other subjects
Years 5 & 6	20 - 30 mins per day Weekly schedule with emphasis on literacy & numeracy

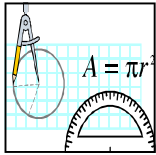

Literacy – reading practice and listening to others forms an essential part of learning throughout the Primary years. Reading should form the basis of all homework time and should range between 10 mins in Pre Prep and extending to 20 mins per day in Prep. Other literacy work will include practising spellings and punctuation.

Numeracy – number games & tasks, learning times tables alongside more challenging activities set for Prep pupils.

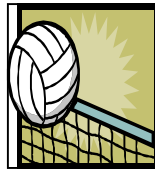

Topics for the Summer Term 2010

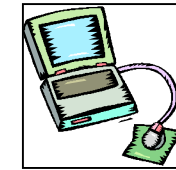

Prep Dept:
Form 4

Decimals, fractions, percentages + ÷ x - calculations (inc. decimals)
 Measuring, drawing and calculations
 Angles
 Coordinates
 Reflection
 Symmetry
 Translations
 Handling data
 Solving problems in real life context
 Measurement
 Basic algebra
 Key Stage 2 revision

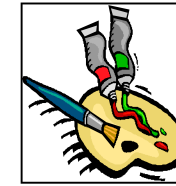

PE: Athletics and swimming
 Games: Cricket (boys)
 Rounders (girls)

Spreadsheets and graphic displays

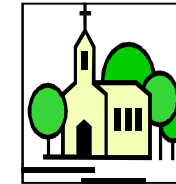

Work as a team to achieve success, as we prepare for the end and new beginnings

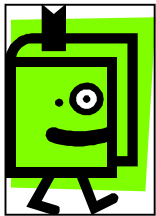

Pen drawing technique
 Graphic illustration in pen
 Illustrating in watercolour
